

CURLING IS GOING STRONG, BATTLEF'D

**First Draw Made for McLaren
Cup; Cold Weather Doesn't
Deter Ladies**

BATTLEFORD.—The curling rink is active these days. The first competition of the season is now completed, president vs. vice-president, with the president's side having the heavier score by five points.

The first draw for the McLaren cup now held by S. M. Mighton, has been made and several preliminary games already played.

The ladies are not behind and are playing every night in spite of the severe nature of the weather.
